Newtronic... a desired OEM Partner

Why OEM is important ?

Today, many industrial sectors have practiced OEMs ranging from automotive manufacturing industry, pharmaceutical, laboratory equipments, food & beverages, fashion etc. The existence of these products will help you reduce the company's operational costs, improving product quality and production speed.

The advantages of OEM partnership:

- High quality
- Focused approach
- Market Expertise & knowledge
- Innovation & speed
- Competitive cost
- Ethical & compliant
- Prompt Support
- Return on Investment

Newtronic Lifecare is most trusted for more than 4 decades globally by leading companies as an expert in manufacturing of Cold Chain and Laboratory Equipment. Our Hi-Tech manufacturing facility, drive for innovation, R & D support, prompt support services enables us to readily meet the requirements of our clients across the globe.

We believe in **Innovation | Technology | Precision** and developing futuristic technology to meet global standards.

Newtronic - The name you trust

The state-of-art Manufacturing infrastructure

We are home to a 60,000 Sq. feet state-of-art manufacturing facility strategically located in Umbergaon, Gujarat, India with headquarters in Mumbai. Newtronic's manufacturing facility is very well designed as per the international standards, certified and recognised by various global bodies.

Newtronic employs the finest automated production process, equipped to manufacture on time bulk quantity with precision.

Our automated Hi-tech plant can produce 2500 units-month

CNC Punching Machine

CNC Bending Machine

Complete assembly on
Conveyor Belt

Puff Filling Unit

Refrigeration Assembly Line

Vacuum Testing Machine

NH 5 Testing Machine

Electrical Safety Test Machine

5S (Methodology)
Workplace Organization Method

Internationally proven technology with deliverable

Cold Chain Supply Equipment

- Medical Refrigerators
- Blood Bank Refrigerators
- Combo Refrigerators
- Deep Freezers
- Plasma Freezers
- Ultra-low Temperature Freezers
- Any Other Laboratory Equipment

Other Product Range

- Humidity Chambers
- Photostability Chambers
- Freeze-Thaw Chambers
- Cooling Incubators
- Dual Cooling Incubators
- Lab Incubators
- CO₂ Incubators
- Laboratory Ovens
- Plant Growth Chambers

World Class Cold Chain & Laboratory Equipment Product Range

[With our automated processes, we are able to successfully manufacture the most innovative product range with great precision.

We take immense pride in having a large range of globally recognised Cold Chain & Laboratory Equipment Solutions with a wide spectrum of industrial applications.]

International Standard with Global bodies Certifications

*Our manufacturing
plant is designed
as per the international
standards, certified &
recognised by various
global bodies.*

Our Vision is to be a Global Leader in developing futuristic technologies for the progress of mankind at an affordable price.

We always provide the highest level of customer satisfaction through high-quality products, superior manufacturing process, international know-how and global bodies certification to meet international standards

At Newtronic, it is our endeavor to become a global leader in manufacturing equipments, driven by innovation.
